

EASY-LIFT™ HANDLES

Molded-in, solid handle grips make loading and unloading this unit effortless.

ROTO-MOLD CONSTRUCTION

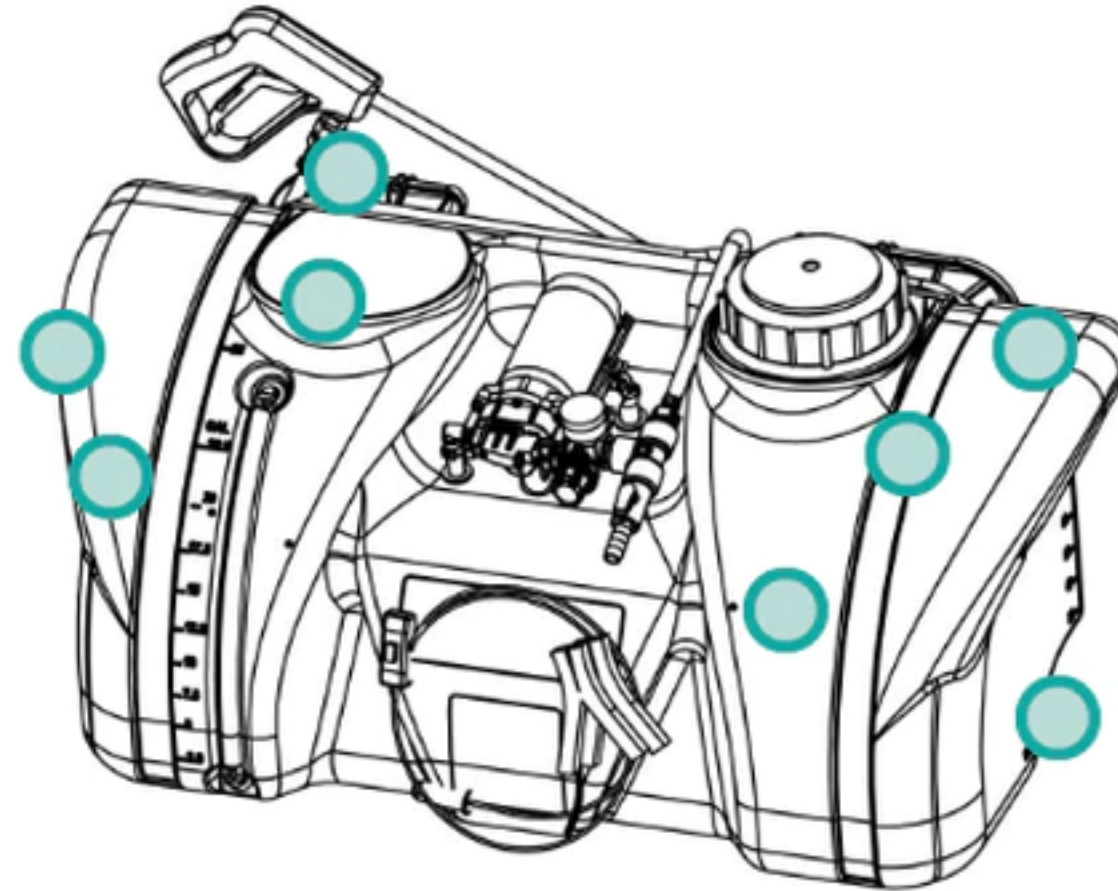

Unlike regular thin-wall plastic tanks, this tank is cooked and cooled at an even rate. The raw material is bonded together to make this tank virtually indestructible.

FAST-WRAP™ HOSE HOLDER

Mount the hose holders on the front or back of this sprayer and stow away the spray gun for travel.

WORK-SPOT™

A convenient place to sit your chemical jug, tank lid or tools while filling the tank.

LIGHT-BLOCK™ TECHNOLOGY

Algae needs light to grow. This algae-resistant material keeps the sunlight out and the spray liquid pure.

ANCHOR-POINT™ STRAP GROOVES

Heavy-duty, never-fail strap grooves are built-in on both sides. This makes tying down this unit quick and hassle-free.

SOLID-WALL™ TANK CONSTRUCTION

With thick side-walls, this workhorse is high-impact-resistant and virtually indestructible. No sprayer is tougher.

DRAIN-CHANNEL™ SYSTEM

When slightly tilted, this tank is designed to drain every ounce of spray chemical.
