

FOL-DA-TANK CO.

WARRANTY POLICY

We Warranty FOL-DA-TANK CO. products to meet the generally recognized standards of quality and excellence in the trade for goods of their type and kind. Should workmanship or materials prove defective by such standards within 1 year from the date of purchase by the user, replacement parts or repairs will be furnished without charge where our investigation shows the goods were defective when shipped, provided written notice has been given us immediately upon discovery of such a defect. We reserve the right of requiring the return of defective parts or tanks, transportation and insurance prepaid, before any claim is recognized.

Misuse or abuse will automatically void the warranty. Upon customers proof of delivery, our warranty will be in effect.
